Species: (please check off the wood species you would like to order)

Oak Maple Birch Ash Cherry Walnut

(Oak, Maple, Ash & Walnut are selected for colour, Birch & Cherry have both heart and sap wood, so you will see colour variation between laminated sections on every tread, **all treads sanded , good 1 face**)

Quantity	Ref.#	Width	Length	Nosing	Unit Price	Total

All taxes and shipping are extra

Standard Treads:

Width: standard 10 1/4” or 11 1/4” wide, other sizes available on custom order

Length: usually between 36 & 65”, length INCLUDES the nosing if you have an open end.

Nosing: Typically all steps are nosed on the front-FR, and custom nosed on one or both ends (referenced from the bottom step looking up. ie...standing at the bottom, if your open side is on the right, then order a right hand- RH-nosing), if bullnosed both ends, length must be exact. -- FRONT - LH - RH -- etc.

Triangular Treads:

A Template must be included with the order, and contain the following information:

- #1. An exact copy of the shape you would like made, including allowance for nosings. Triangular treads will be cut somewhat “oversized” to allow for onsite fitting. **MAKE IT ACCURATELY!**
- #2. Mark which face is the good face, & number the templates for easy reference: (Ref# above)
- #3. Mark on your template, which edge the wood grain should follow.
- #4. Show which edges should be bullnosed. We are not able to bullnose custom curves, only straight edges.
- #5. Please add your name to the template, so tread orders do not get mixed up... that helps alot...thanks

Payment Method:

Charge To: (please check one)

Mastercard Visa Number: _____

Name on Card: _____ ExpiryDate: _____

Address if different from above: _____

Authorizing Signature: _____

(by signing this, you authorize Lacasse Fine Wood Products to charge the value of this order and the associated shipping charges and taxes, to this credit card number)
